

Academic Staff Serving as Advisors – *DRAFT 11/1/18*

Per Faculty Policies and Procedures 3.05.H, the Center for Limnology's Executive Committee approves allowing certain academic staff with the following qualifications to serve as sole major advisor to graduate students:

- Documented research and mentorship experience
- Primary job responsibilities include graduate education

The Director will ensure that advisors are kept current on the requirements for serving in this capacity through the annual review of the staff member's performance.
